The best insurance can generally be gotten about as cheaply as that which isn't so certain to be good in event of a disaster or a succession of them. Call on us for good indemnity.

The surrounding country though is in a very dry condition and unless rain soon comes there is no telling to what extent the fires will spread. Along the Soo Line and Northwestern roads there are many bad fires and trainmen report that the smoke is so dense that the air is stifling. For stretches of many miles along the Soo, the track on both sides is a seething mass of flame. Train service has not been interfered with and section crews are working hard to prevent bridges and small stations from burning.

It is reported here that August Krenke, a woodsmen, who has been employed near Gagen, lost his life in the fire.

Frank Lee, a Soo Line engineer, was badly burned about the face and shoulders while pulling his train through the blaze near Armstrong Creek. He was taken to Gladstone, his home, for medical attendance.

Several farms near here and in the county have had narrow escapes from destruction but as yet no serious losses have been learned of.

Lumbermen have been heavy losers, millions of feet of standing timber have been burned over and it will be necessary to log such timber next winter in order to realize anywhere near its market value.

Not since 1893 have forest fires rendered so much damage in Wisconsin and Minnesota.

## ARE WEDDED HERE.

Miss Agnes Zalewski of Jennings and Chas. E. Herman of Eagle River were married in this city Tuesday morning by Dr. Leinfelder at St. Mary's church. The young couple were attended by Miss Pauline Zalewski, sister of the bride, and Michael Slattery. They will make their home at Eagle River.

## SOCIAL DEMOCRATIC ADDRESS.

## DANGER FROM FIRE CONSIDERED PAST

Conditions More Encouraging—Flames  
Do Much Damage—Aid From  
Milwaukee.

During the last few days desperate forest fires have been raging within three miles of this city and for a time the situation has been most threatening.

Last Sunday afternoon the air was filled with smoke and cinders and the flames which were being fanned by a strong wind reflected in the sky with a radiant glow. So discouraging was the out-look that a meeting of a citizens' committee was held and arrangements made for fighting the fire and insuring the safety of the people. It was considered advisable to ask for outside assistance to be prepared in case the fire should reach the city. Chief Clancy of the Milwaukee fire department was called up over the long-distance telephone and requested that an engine and several thousand feet of hose be sent. The Milwaukee department immediately responded and an engine and two hose carts left that city over the Northwestern road at 12:30 Monday morning. The apparatus arrived here that night—but it will probably not be necessary to use it. The equipment is in charge of five Milwaukee fire fighters. They are Capt. Peter Schiller of engine company 2, Engineer John Cook, Assistant Engineer Chas. Doughty of engine company 20; Truckman Fred Abelsbach of truck 13 and Truckman James Cassin of truck 2.

Men and apparatus will remain here until it rains and the danger from fire is considered past.

Large forces of men are now in the woods in the vicinity of the city fighting fire and it is believed will be able to keep the flames within bounds. Rhinelander is within no immediate danger and there is absolutely no cause for alarm. Reports on the forest fires have been greatly overdrawn and people in other sections of the state have received wrong impressions of the existing conditions.

There was no truth to the report that Gagen had been destroyed, and Kenosha and Catawba, Soo Line towns which were said to have burned, are still on the map.

## VIOLET FAVORITE FLOWER.

Wisconsin School Children Make Selection—Wild Rose Second Choice.

According to the final canvass of the vote on the wild flowers taken last Arbor Day by the school children of Wisconsin the violet has been declared the most popular flower in the state. The violet received 26,505 votes, the highest number cast for any one flower. Second in the vote was the wild rose with a total of 21,955. The trailing arbutus received 17,989 votes and was third in the contest. The water lily received fourth place with 11,981 votes. The four highest flowers are nominated for an election to be held next Arbor Day, the highest of that vote to be the state flower. Below is given the complete vote on the various flowers:

Violet	26,505
Wild rose	21,955
Trailing arbutus	17,988
White water lily	11,981
Lady slipper	9,298
Wild crab apple blossom	6,078
Golden rod	4,709
Shooting star	4,300
Large blue flag (Iris versicolor)	2,575
Wake robin (trillium)	1,747
Marsh marigold (cowslip)	1,686

Total	114,811

## AN ATTRACTIVE STORE.

Fred Trader, Trimmer at Jacobson's, Arranges Pleasing Decorations.

The Jacobson store presents a very attractive appearance and the artistic manner in which it has been decorated is causing plenty of flattering comment. The store has been trimmed throughout with autumn leaves of many hues and the color effect is pleasing. One of the features is a miniature automobile in which is seated a pretty little wax doll and a basket of luscious fruit. The new stocks of fall goods just received are also attractively displayed.

Fred Trader is the trimmer and decorator at the Jacobson store and to him is due the credit for this decoration. Although a young man he has had several years of experience in this work and is considered an artist in his line. His window displays never fail to receive marked attention. The management of the Jacobson store is to be congratulated in securing his services.

## TRY'S NOLAN'S DEVICE.

Frank Blandin, who recently became possessed with a desire to become a full-fledged farmer, is busy experimenting removing stumps from some of his land by the process which was given by a Rhinelander gentleman, and published in the Republic a short time ago. Mr. Blandin's curiosity got the best of him and after only four days of waiting to see what the fluid which he had sealed up in the stump, (which by the way is equal part of nitric and sulphuric acid,) was doing, opened up one of them and found that the fluid had burned the inside of the stump to a charred mass. Mr. Blandin is very much pleased with the result of his experiment and will continue to load up the rest of the stumps on his farm with the fluid.—*Crandon Republican*.

## APPLEBY ARRESTS MERCHANT.

United States Deputy Marshall Appleby of Madison was in the city Friday and arrested one of out merchants on a charge of not having properly posted about his store signs to the effect that he sold oleomargarine. The offense is a serious one against the federal government. It is easy to get caught in such a trap if one does not keep posted on the pure food laws. We would advise our merchants to look up the laws on handling and selling poor eggs.

The merchant was arraigned before Court, Commissioner L. J. Billings and waived examination. His bonds were fixed at \$300. He will have his trial before the federal court.

## NEW MEAT MARKET.

Udker & Swanson is the name of a new firm who have opened a meat market in the White building on the north side. They will carry a first class line of fresh and salt meats, fish and game in season. Both gentlemen are old residents of the city, have a large acquaintance here and will no doubt receive a good patronage.

## KILLS SON THEN ENDS OWN LIFE

Mrs. Elias Dawe Gives Poison to  
Babe and Kills Self at Negau-  
nee, Mich.

Rhinelander friends of Mrs. Elias Dawe were shocked, Sunday, to read in the daily papers that she had killed her seven year old son and then ended her own life at her home at Negaunee, Mich.

Mrs. Dawe was temporarily deranged and while in this state administered poison to the little boy after which she took a like dose. It is said that she was fondly devoted to the child and did not want to depart from this earth and leave the little one behind. Her home life had always been a pleasant one and it is difficult to account for the lady's rash deed.

Mrs. Dawe resided in this City, years ago and at one time was numbered among the prominent teachers in our public schools. Mr. Dawe was an undertaker in the employ of F. A. Hildebrand. Since moving to Negaunee he engaged in the furniture business and is now one of the leading citizens of that City.

The news of the sad tragedy is received with the most sincere regret among friends of the family in Rhinelander and to the sorrow stricken husband profound sympathy is extended.

## DAVENPORT TO OUR RESCUE.

From Davenport, Ia., comes the following letter to Mayor Anderle. This is a plain illustration of what effect "fake" newspaper reports have upon the people of the outside country:

CITY MAYOR,  
Rhinelander, Wis.

Dear Sir: We learn with regret and sorrow of Rhinelander's misfortune and that nearly 2000 residents are homeless. We enclose circulars and price list of our cottages which can be made comfortable in winter as well as summer and for your citizens for the next ten days our prices will be 10% off.

Our cottages were used all last winter in parts of Iowa and northern Illinois and may be known to some of your citizens. Yours truly,

I. and I. PORTABLE COTTAGE CO.  
Per. II. W. S.

## COW HAD RABIES.

Valuable Cow Bitten By Dog—Had to Be Killed.

A valuable cow belonging to George Stead, a farmer near Monroe, evidently mad as judged by her conduct, was killed a few days ago. There are reports that many dogs and other animals have been subjected to the danger of rabies from contact with the same dog that bit Mr. Stead's cow.

The city council should adopt an ordinance requiring all dogs within the corporate limits to be muzzled or killed, and it would not be a bad idea to kill any dog that may come into the town from the outside. In the meantime people residing in the outlying sections should keep careful watch over their dogs and other animals that have been subjected to any possible danger from contact with animals known to have been bitten.

## FOOT BALL TEAM ORGANIZED.

A foot ball team has been organized at the High School and the squad is now practicing nightly in preparation for a number of games that have been scheduled for the season. The team will probably play the first game with the Ironwood High school at Ironwood a week from next Saturday. The team this year has every appearance of being an exceptionally strong one and the boys are all in excellent form. A good many honors will no doubt be won by them on the gridiron this fall.

The team is being coached by Arthur Richardson, one of the High school faculty.

## APPOINTMENTS MADE.

At the closing session of the Wisconsin Methodist conference at Neenah last Monday Bishop Neely re-appointed Perry Millar, Superintendent for the Appleton District. Rev. S. J. Tink was returned to Rhinelander; H. T. Wiltse to Appleton; Richard Evans to Grand Rapids; L. M. Edmonds to Brokaw. Rev. Wm. Rollins pastor of the first M. E. Church in Racine was appointed District Superintendent of the Milwaukee District in place of Rev. Leon.

## REPORTS ARE EXAGGERATED.

Daily Press Contains Highly Colored Accounts of Forest Fires.

It was amusing to read the highly colored and immensely exaggerated reports in the daily press regarding the forest fires in this section of northern Wisconsin. One account which was given widespread publication and proved a huge joke among the people of this city, told of the destruction of Gagen and Woodboro, two towns near Rhinelander, each with a population of 2000.

The report stated that these "cities" were entirely wiped off the map and 4000 people were homeless. Men, women and children fought valiantly to save their homes but without avail. Women carrying children in their arms and men and boys with packs on their backs fled before the flames toward Rhinelander, many falling prostrate in the heat, only to be helped on by the stronger refugees.

Nearly all those burned out at Gagen have reached Rhinelander and are being cared for.

Few Woodboro people are here and it is not known what has become of all of them.

The account further contained the startling information that Gov. Davidson will be asked to order out the state militia to assist in fighting the flames.

Every Rhinelander citizen can easily appreciate how unreliable these reports are. At Gagen there are about one hundred people while Woodboro has long been deserted. Furthermore these places have not yet been touched by the fire.

It is evident that the story was not sent from this city, but was probably originated out of whole cloth by some sensational writer on a city daily.

## JUMPED FROM BRIDGE.

Woodman Has Narrow Escape While Walking Soo Track.

The first publication of the county tax sale is on page six of this issue.

Will the gentleman who started to paint the name "New North" on our office safe several months ago, please call and finish the job.

Advertisers should take into consideration the fact that the New North can now give them improved service. The only all home print paper in the county.

Since the New North has changed from a patent inside to an all home print newspaper. It publishes more news of local interest, and is prepared to give better service to the advertisers.

Did not the republican state convention take a backward step in the election of E. A. Edmonds as state chairman and the refusal to adopt a tariff revision plank? Wisconsin has stood in the front rank in its reform measures why should it go backward just as other states are waking up and moving forward? The renomination of Hughes in New York last week and the platform of the New York convention were anything but reactionary. In spite of the wishes of the politicians the will of the people was heeded. The position which E. A. Edmonds has held as an officer in a trust which was prosecuted by the U. S. Government will tend to drive the masses away from him. The republicans in Wisconsin have voted for tariff revision wherever they could.

Wisconsin and Iowa were classed as revision states, why move back now just as the leading men of the nation take up the idea? Taft openly says he is for tariff revision.

A plank was adopted favoring LaFollette's idea of the physical valuation of railway property as an element in fixing reasonable rates. A plank was passed favoring an amendment to the primary law to make it more effective and more just. A plank was also passed to insure to labor equality of opportunity in industry and equality of rights before the courts.

Every organization has had corrupt men. Two years ago, Senator Bailey the leader of the democratic party in the United States Senate, was exposed and lost his influence with his party and in the nation. He could not have been re-elected in any other state in the union except Texas. Now, Senator Foraker of Ohio and Governor Haskell of Oklahoma are in the lime light for their corrupt dealings with Standard Oil. In neither case is the party to which they belong to be condemned unless their party joined with them in their deals, and no proof has been given to this effect. More, Mr. Taft has refused to unite with Mr. Foraker in any political way. He has shown that he would rather lose his election. Foraker has fought all the Roosevelt policies and tried to throw dust in the people's eyes by talking about a Brownsville raid and his deep affection for the Negro. Now his reason for attempting to defeat the progressive policies is clearly brought to light.

Neither Roosevelt nor Taft have anything to regret, and can say of Mr. Foraker's past conduct "I told you so" but Mr. Taft retains a dignified silence and Senator Foraker is out of active politics. What will the

democrats do with Governor Haskell? It remains to be seen. If they dispose him, the party should not be condemned. The election contest between Taft and Bryan should be settled on its merits irrespective of a Foraker or a Haskell.

Richard Zinn, of Medina, N. Y., who was formerly in the bakery business here, is in the city. It is possible that he may locate here again.

Mr. and Mrs. Ed. Hall returned Saturday to the city from Gagen. They were scared out by the forest fires and thought it advisable to seek safety.

L. C. Parmenter of Grand Rapids, Mich., is the guest of R. C. Dayton. The gentlemen were on a trip up the Wisconsin river this week in the Dayton launch.

Ed. Rodd, who holds a position with the Nichols Hardware Co., is seriously ill at his home on the North Side. He is a brother of Hans Rodd, the well known Brown Street merchant.

Miss Mabel Sayner of Sayner is to be married to Vern DuWitt of Wausau the last of this month. Miss Sayner is the only daughter of Mr. and Mrs. O. W. Sayner.

A number of the Royal Neighbors pleasantly surprised Mrs. Nazare Pecker at her home on the North Side Tuesday evening. She was presented with many pretty pieces of china.

The event of the theatrical season will undoubtedly be the appearance of "Ole Swanson," "Yust from Sweden" at the Opera House on Sept. 28.

Our exchanges herald the fact that no attraction this season has exceeded and few equaled the company presenting this highly successful Scandinavian dialect comedy. This is, without question the real thing in Swedish comedy drama.

Mr. and Mrs. Carl Hillman of Chicago are spending the week at the lakes near Roosevelt. They have been the guests of Mrs. Kate McIndoe for a few days and have made many friends in the city. Mr. Hillman is violinist in the celebrated Theodore Thomas orchestra and is considered one of the leading musicians of Chicago. For several seasons he has been coming here and is anxious to catch one of the big "muskeys" that inhabit these lakes.

Mrs. John Hendry, who since May last has been a sufferer from blood poisoning, has recovered sufficiently to enable her to leave the house. Mrs. Hendry stepped on a rusty nail and for a time her condition was serious.

Wells M. Ruggles of Ashland, democratic candidate for congress from the tenth congressional district, will speak at the Armory in this city tomorrow (Friday) evening. Mr. Ruggles has a reputation as a brilliant orator and all, regardless of political views, should make an effort to hear him.

A BOTTLE BETWEEN THEM.

There is no better evidence of a good feeling in the family than the division between husband and wife of the contents of the same bottle of medicine. As the old soldiers used to say of an old comrade, "We drank out of the same canteen."

Here is a case in point:

"I bought a bottle of your 6088 for my wife who was suffering with rheumatism. She used one-half bottle and is entirely cured. I took the balance of the bottle for a tonic and blood purifier and found it to do all that is claimed for it."

### BODY FOUND IN LAKE.

The body of an unknown man is reported to have been found floating in a lake near Armstrong Creek, yesterday forenoon. The remains were badly decomposed. There was nothing on the clothing that might serve to identify the corpse. He was evidently a woodsmen.

### BASE BALL.

WAUSAU 6 RHINELANDER 0

The base ball game at the fair grounds last Saturday afternoon between the Wausau pennant Winners and the Rhinelander City team drew a fair sized crowd, and gave Rhinelander fans much satisfaction. It demonstrated that Rhinelander had an unusually strong team. It must not be forgotten that the Wausau team are the champions of the Wisconsin-Illinois league.

### MRS. ESCHWIG DEAD.

Mrs. Val Eschwig, who for several weeks has been a sufferer from heart disease, died yesterday morning at home on Thayer street. About two months ago the lady was seriously injured in a runaway and it was due to this accident that her death was hastened.

Mrs. Eschwig was thirty seven years of age. A husband and daughter survive her.

Nels Evenson is now engaged in the potato buying business at Amherst. He is in the City this week packing his household goods for shipment to that town. His family have been there for several weeks.

The members of the Calumet Four are to give another of their enjoyable dancing parties at Gilligan's Hall, Tuesday evening October sixth. The Calumet Four are royal entertainers and their dances are always looked forward to with pleasure.

WANTED:—Good responsible parties to take logging jobs near Manitowish and Hurley. Inquire of Scott & Howe Lumber Company, Ironwood, Mich.

Many of the cottages on the shores of Lake George narrowly escaped being burned last Sunday when the forest fires were in that vicinity. It was only by the heroic effort on the part of several Rhinelander people and farmers in fighting the fire that the property was saved.

A loss of \$100,000 was caused by a fire which destroyed the plant of the North Fork Lumber Co. at North Fork, west on the Soo line, Sunday. For a time the village of North Fork was threatened but the blaze was kept confined to the mill and lumber yards. The loss is partly covered by insurance.

Midshipman, Edwin J. Gillain, who has been here for the past three weeks visiting his mother Mrs. D. Jacobson, left Sunday evening for a short visit with relatives in Grand Rapids and Greenville Mich., after which he will return to the U. S. Naval Academy at Annapolis Md.

Attend the Wausau Business College, Wausau, Wisconsin.

Harry Knapp of Sugar Camp resort was in the city Saturday and attended the base ball game.

John Masterson returned Saturday from a trip to Milwaukee and other cities in that part of the state.

Mrs. Max Ostrowski left Friday morning for two weeks visit among relatives and friends at Wausau.

Miss Elmina Cleveland has resumed her position at the Jacobson store after a visit at her home at Wittenberg.

Mr. and Mrs. C. A. Carling and baby left Monday morning to visit for several days with relatives in Fond du Lac.

Miss Minnie Alf, who has been the guest of her cousin Mrs. O. M. Goodwill, returned Thursday to her home at Berlin.

Miss Grace Hansley, who holds a position in the lumber office of C. P. Crosby, returned Monday from a visit at Milwaukee and other cities in the southern part of the state.

Mr. and Mrs. W. M. Raub and daughter, who for two weeks were guests at the home of Mr. and Mrs. E. H. Rogers, returned Saturday morning to Sault Ste. Marie. Mrs. Raub and Mrs. Rogers are sisters.

Don't forget to call up Taylor's Bottling Works for your spring water. Telephone No. 324.

Mr. and Mrs. B. N. McCarey of Antigo spent last Thursday with their son Arthur in this city. Mr. McCarey is one of the popular passenger conductors on the Ashland division and a number of years ago made his home here.

Amel Menard, formerly manager of the Minocqua House, leaves within a few days for Portland, Oregon, where he will assume charge of a park resort. During the summer he has been managing the Pavilion at Rothschild's Park, Wausau.

George Hart, who for many years was court reporter for Judge C. H. Thornd and is now in the same capacity for Judge Reid, has been given a vacation for the winter. Mr. Hart's health is very poor and he will probably seek a change of climate.

John Driscoll, who during the summer has held a position with one of the lumber companies, left Saturday night for New York City from where he will sell for his home town of Ireland. He has been in the United States for over twenty years and now returns to his native land to again reside. His father and mother are both alive.

C. Plant, who is head sawyer in the mill at Gagen, spent part of the week at his home in this city. Chas. says that the fires have been burning ceaselessly and for a time it appeared as though the little village would be wiped off the map. The lumber company closed down the mill last Wednesday and the crew was ordered out to fight the fire. Hundreds of acres of timber have been destroyed and many slackers and farmers in that vicinity have sustained heavy losses.

The Oneida Steam Laundry makes a specialty of short order work.

Midshipman, Edwin J. Gillain, who has been here for the past three weeks visiting his mother Mrs. D. Jacobson, left Sunday evening for a short visit with relatives in Grand Rapids and Greenville Mich., after which he will return to the U. S. Naval Academy at Annapolis Md.

R. Duncan, travelling salesman for C. P. Crosby, departed this week on a tour of Wisconsin and Illinois buying and selling lumber.

Mrs. August Luschow and children who have been the guests of relatives here, returned last Thursday to their home at Tomahawk.

### ADVERTISING RATES.

DISPLAY ADVERTISEMENTS.—For a contract of three months or more, ten cents per column inch will be charged for each insertion. For a shorter time higher rates will be charged.

In addition to the above, all composition in display ads in excess of three minutes per inch, will be charged at the rate of thirty cents per hour.

### READING NOTICES.

READING NOTICES will be charged at ten cents per line for the first insertion and five cents per line for each subsequent insertion.

ALL NOTICES will be charged at regular rates except notices of church services.

Paid entertainments for Churches will be charged at half rates.

State Insurance Commissioner Beedie claims the nomination over Abbot by 43. It is almost too good to be true. The insurance companies have tried their best to defeat Beedie. We know why.

The official vote on U. S. Senator is as follows: Cook 47,944; Hatton 35,621; McGovern 42,631 and Stephenson 58,838. Stephenson's plurality is 8865. The vote clearly shows that Mr. Hatton could not have won had McGovern kept out.

At such a dry time, when fires, if once started, are apt to do great damage, one should be very careful in dropping lighted matches. Too many men are in the habit of throwing burning matches in places where the conditions are favorable for fire and this careless practice has often been the cause of many a costly conflagration. In a city where the main business streets are lined with as many wooden structures as Rhinelander, double precautions should be taken against fire. With a strong wind it would be impossible to fight a fire in these sections of the city.

### THE MAN OF THE HOUR.

The New North has secured for its readers a delightful serial story by Albert Payson Terhune entitled "The Man of the Hour." This story is one of present day interest and is rated among the novels of the better class. The opening chapters will be published in the next issue of the New North and installments will appear each week thereafter. Don't fail to read the entire story and be sure to secure a copy of the next issue so as not to miss the first chapter.

### PARTY NOT BLAMED.

In his fight for Mr. Higgin's independence party candidacy, Mr. Hearst is slashing right and left at republicans and democrats alike. If, according to his indictments, Mr. Foraker is an ally of Standard Oil, so also are Senator Bailey and Mr. Bryan's intimate and campaign treasurer, Gov. Haskell.

But these attacks by Mr. Hearst personal—reflecting on personal, not party, character and conduct.

Mr. Bryan and his party are not responsible for Mr. Bailey's and Gov. Haskell's relations, real or alleged, with the oil trust, any more than Mr. Taft and his party are for Mr. Foraker's. And the charges against Mr. Foraker are obviously and especially devoid of effect against Mr. Taft for the reason that Mr. Foraker was the head of the anti-Taft faction in Ohio and left no stone unturned to prevent Taft's nomination.

### TO POLITICAL OBSCURITY.

The committee on temperance at the Neenah M. E. conference made the following report which was adopted:

We have also been greatly encouraged of late by the ringing utterances that have come from our beloved bishop and which have been published in the church papers, urging that we relegate to perpetual political obscurity the one man in Washington who for more than five years has obstructed the passage of what is known as the interstate liquor shipment bill, on the flimsy pretext that it is unconstitutional. We humbly submit that such a decision is not his prerogative, but that of the Supreme court of the United States. We hope and pray that he will be defeated for re-election to the house of representatives and in any event, that he will never again hold the office of speaker in that body.

### HITS THE GOVERNMENT.

The editor of the Marshfield News severely criticizes the third assistant postmaster general in regards to printing envelopes. He says, "perhaps, and others would feel the same way if the government should take advantage of the free use of the mails and advertise goods as cheap as the merchants could buy them. The News says: "Circulars are sent free, a large amount of rock used to pave the city streets with plain macadam. The rock comes from the vicinity of Rock Island on the copper range nearest the City. There has been considerable money spent there but the re-

to every business man because the government owns the mails and in this respect has considerable advantage over the mail order house. Looking at it from the standpoint of a printer, it seems a small business for a big government like ours that has begun the work of letting combines and trusts know there is a God in Israel. The price they ask for printing would make a Chinaman turn a back somersault. Thousands of printers who are struggling along earning a living have no show against a combination of this kind, yet every day they are wetting their quill and sending out praise for the only government on earth. The next thing we hear of they will be soliciting orders for calling cards and auction bills. They have just as much right to."

### A LITTLE TRUTH.

The latest little untraced gem which is going the rounds of the press is this:

We don't want to buy at your place,  
We won't trade there any more;  
You'll be sorry when you see us;  
Go into some other store.  
You can't sell us any goods;  
We've opened wide our eyes;  
We don't want to trade at your store.  
Because you don't advertise.

The Oneida Steam Laundry collects and delivers laundry any place in the city.

### FROM NEARBY TOWNS.

Washburn—For the purpose of taking soundings of the lakes in this vicinity and also making an analysis of the waters, Dr. R. D. Hall and Geo. Kemmell of the state university and H. H. T. Jackson and J. G. Maxon of the state geological and natural history survey, have been in this county. As a result of the investigation the fish commission expects to better be able to place the different kinds of fish fry in different waters.

Minoqua—Two muscallonge, weighing 38 and 30 pounds, were caught in the neighboring lakes this week by John Gilmacker of Chicago.

Wausau—Joseph Zimmerman, a cabinet maker, committed suicide at the Marathon County fair grounds, by shooting. His body was found by Mrs. Theresa A. Werlek. Two empty whisky flasks were found on his body. It is believed that brooding over the death of his wife, a year ago, caused the deed.

Antigo—In colliding with a fire engine responding to an alarm, the Rev. A. C. Watts was thrown off his bicycle and slightly injured.

Marsfield—Efforts are being made to establish a Municipal court here, with Circuit court jurisdiction in criminal matters.

Stevens Point—One two year old baby, two ladies' coats and a purse comprised a list of lost articles found by the conductor of a south bound Central passenger train after leaving this City. When the train arrived at Waupaca there was a message awaiting from the frantic mother who had got off here to get a lunch and was horrified to find that the train with her baby aboard had departed. The baby was left at Waupaca where it was kept until the mother's arrival.

Escanaba—Mistaken for a bear while hunting in the woods near here, Charles Hobercamp aged 19, was accidentally shot by his brother, his left arm being shattered at the elbow. The young men were on the trail of a bear and separating when near the spot where the animal was supposed to be hiding, the older boy saw his brother moving thru the thick underbrush and fired.

Grand Rapids—Congressman James R. Mann, chairman, W. H. Ryan, J. L. Bennett, C. C. Steinbeck and John Morris, members of a congressional investigating committee appointed by congress, are in the City for the purpose of inspecting the several paper mill industries in Grand Rapids and vicinity. They spent Saturday visiting various mills and in taking testimony relative to the cost of pulp wood and the cost of producing print paper such as is marketed from these mills.

Shawano—Fred Schultz a farmer living near the city of Shawano in the town of Wescott, was accidentally killed while hauling fence rails. One of the fence rails swung around and caught in the wheel and making a swoop as the wheel turned around it struck Mr. Schultz on the head killing him instantly.

Kaukauna—Kaukauna may have to go without street illumination beginning with Oct. 14th next. On that day the present contract with the lighting company expires and the council has informed the company that the contract will not be renewed because of the large number of complaints made against the service. The company has not signified what steps it intends to take.

Superior—Copper ore of a startling richness was discovered in a large amount of rock used to pave the city streets with plain macadam. The rock comes from the vicinity of Rock Island on the copper range nearest the City. There has been considerable money spent there but the re-

suits have not proved satisfactory up to the present time.

Antigo—W. W. Clark sold 500 lbs. of ginseng, the product of his garden for \$6.10 a pound. The entire amount was purchased by E. Wigderson, a local merchant.

Ashland—Another explosion in the plant of the Ashland Dynamite company near Washburn, last Tuesday, killed one man, D. R. Webber, and seriously injured the superintendent, S. T. Beers. The explosion broke many windows in Ashland, Washburn and surrounding country. Beers' predecessor, was blown to pieces by an explosion three years ago.

### A DANGEROUS FRIEND.

The new drama A Dangerous Friend, which is announced to be at the Opera House, Oct. 1, has gained more reputation in one season than most plays do in several seasons. The reports through magazines and press indicate that it is an unusually clever play and prove that the American dramatist is now coming into his own. Nothing has been so successful the past year as the play in which the scenes and characters are purely local or in which they are arranged in such a way that it is an American hero who comes out on top. If it is the hero who "does things" she must also be an American girl, and in all these points A Dangerous Friend meets every requirement that an American audience demands. It carries its auditor from rural Vermont to the metropolis of the United States, New York, and from there to the most cosmopolitan city in America, San Francisco. There is no lack of color and atmosphere in each locality and it is thoroughly American in every detail.

### JUST A SCARE.

There was a small panic in one of the summer hotels near Woodruff last Saturday night, when a pot of boiling fat on a range boiled over and caught fire. The cry of "fire" which issued from the kitchen adjoining the dining hall created quite an uproar, but for the most part the diners kept cool and soon the other frightened guests resumed their places. The fire was all on top of the stove and soon burned itself out without doing any great damage.

### A Sprained Ankle.

As usually treated a sprained ankle will disable the injured person for a month or more, but by applying Chamberlain's Liniment and observing the directions with each bottle faithfully, a cure may, in most cases, be effected in less than one week's time. This liniment is the most remarkable preparation; try it for a sprain or a bruise, or when laid up with chronic or muscular rheumatism, and you are certain to be delighted with the prompt relief which it affords. For sale by F. L. Hinman & Co.

### NEEDLE IN KNEE.

The little son of Mr. and Mrs. Pancos of the North Side, fell on a needle Wednesday and ran the needle into his knee. The boy is suffering intense pain. He is under the care of Dr. T. R. Welch who believes that no ill results will follow.

# FALL OPENING

After having spent about 10 days searching the Chicago and New York markets, we have at last completed our prepara-

tions for Fall and Winter. For the last six weeks goods have been arriving almost daily, and every little while we have had the pleasure of giving you glimpses of some of the new styles. They have only been glimpses, however—but now we are ready to show you the prettiest and most complete selection of goods we have ever assembled.

## Saturday, September 26th

We open the store in its full festal attire, and invite you and your friends to share with us the pleasure of examining and displaying the many wonderfully handsome effects in silks, dress goods, shoes, women's apparel and out fittings for the little folks.

For the boys and girls, women, and the little tots there will be enough to look at to keep you all busy, and wishing you had twice as much money, so you could buy to your heart's content. So come all and be sure of courteous and cordial attention whether you want to buy or just to look.

Your choice of 50 children's bear skin coats, white, gray or cardinal, ages 4 to 6. Worth \$3.50, while they last

### New Styles in Tailored Waists

We announce for Monday the first showing of new styles in Tailored Waists. This is the day of the plain tailored shirt waist either in silk or linen and nothing else is now considered so correct with the strictly tailored suit.

Every one of our waists is made from the best possible materials and the workmanship and cut are unexcelled, while the little details that at a glance mark the high grade waist have been carefully worked out. The width of the cuffs, size of the sleeves, height of the stock, etc., are cut from the latest measurements used for custom waists.

### Silk and Satin Petticoats

Two styles meriting especial notice in Taffeta Silk Petticoats are shown at \$5.00. One has a sectional circular flounce design of 10 folds and the other has finely tucked flounce, hemmed ruffles and silk underlay. Both have neatly finished and fitted tops. They are made of lustrous taffeta silk in all the new shades.

## DON'T PAY TWICE FOR THE SAME ROOF.

Iron, tin and most prepared roofings are really never paid for, because they need painting or coating every year or two. If you add to the cost of these roofings the cost of painting during the number of years in service, you will readily understand why.

J-M ASBESTOS ROOFING—  
which needs no coating—is the "cheapest-per-year" Roofing. It will not rot or rust, is permanently durable and resists fire. No acids, chemical fumes, gases, heat or cold can affect it. Costs less than slate, iron or shingles. Can be applied by anyone.

### A WORD FOR "CENTRAL."

Words of consideration for the telephone operator are found so seldom in the press that when a plea is made for the "hello girl" it is worth reprinting if only as a curiosity. We pluck the following blossoms from a magazine called "The Rose Bush."

"A New York man was 'If you pleased and yes-siree' so politely by a telephone operator that he called up the girl. It was so very unusual, he said. 'Unusual' responded the manager. 'Certainly the operator's politeness is not more unusual than your own. I have been in the business a good many years, and you are the first man who ever took the trouble to say a good word to me for an operator. But complaints? Why, there seem to be a million women in this city who have nothing else to do.'

"It is no temper-soothing job—that which the telephone operator holds. She is held responsible not only for her own mistakes, but for the thousands of mistakes made by other people. You carelessly call for 1085 when what you really want is 1085, and because you get the wrong party you petulantly blame the 'fool operator,' and upon you severely informing her that she gave you 1085 when you asked for 1085, and that if she ever does it again you will make complaint—

### DEANER-DEAKIN NUPITALS.

Miss Isabelle Deane of Parderville, and Geo. M. Deakin of this city were married last evening at 8:30 o'clock at the home of Joseph Hartley on Frederick street. Rev. S. J. Tink, pastor of the M. E. church, performed the ceremony. The house was prettily decorated with flowers and potted plants. Several relatives and friends of the young couple were in attendance and the wedding was followed with a supper.

Mr. Deakin has resided in Rhinelander since last April and has made a large acquaintance here.

During the summer he has been a member of the city base ball team and at present holds a position with Gilbert Forsyth.

His bride is one of the popular young ladies of her home city and is welcomed to Rhinelander.

Mr. and Mrs. Deakin are at home at 409 Frederick street.

### EDMONDS STATE CHAIRMAN.

E. A. Edmonds of Appleton, Stephenson's campaign manager was elected chairman of the republican state central committee yesterday at Madison. The factional fight was bitter.

The first formal ballot stood, Edmonds 54, Backus 50, Cowling 2, Gehre 1, Connor 12, Morris 3. On the third and final ballot Edmonds 68, Backus 40, and Connor 10. On motion Edmonds election was made unanimous.

E. A. Edmonds was manager of the Rhinelander paper mill over four years and was an officer in the paper combine at the time it was dissolved by the United States government.

### THREE CHILDREN DROWN.

A sad drowning accident occurred Monday near Hackley. Three children of Ed. Wiesenborn, aged 15, 13, and 11 years, were drowned in Big Twin lake. They were crossing the lake for home in a boat loaded with pulp plaster, and lost their way in the smoke and high wind, and the boat filled and sank. The children were heard calling for help but no boat was near to assist. The bodies were not recovered.

Hon. Webster E. Brown and wife, of Rhinelander, Wis., are visiting Judge Conner and wife this week.

On Friday evening Judge and Mrs. Conner gave a large dinner in honor of their house guests, Judge Walter L. Smith and Mrs. Smith of Council Bluffs and Mrs. W. E. Brown of Rhinelander, Wis. The table was beautifully decorated with red roses and white asters, red shade candles were also used. The place cards were the exquisite work of the hostess and were decorated in red roses with a very graceful toast or sentiment on each that the guests much enjoyed reading. The dinner which was a most sumptuous one was served in seven courses. The first course was iced fruits and was served in red rose cups which gave an added touch of color and brilliancy as the guests entered the dining room.—Dennison, 1a., Review.

### REJECTS TARIFF REVISION.

The republican state convention yesterday at Madison refused to adopt a tariff revision plank, although a great effort was made to do so. Governor Davidson declared in a speech:

"Every man who now works for tariff revision will be mighty sorry two years hence if the tariff is revised."

This was one of the phrases of a speech made by the Governor yesterday.

W. C. Owen followed the governor's speech with an address in which he practically heralded defiance at the Governor and said that he was willing to be read out of the party if his stand for tariff revision made such an action justifiable. Mr. Owen's speech was the sensational one of the morning session.
